### **bwin turns your PC desktop into a football info centre**

#### **23 top European national leagues with a single click.**

**Vienna, 15 February 2011** – In time for the start of some national leagues and the UEFA Champions League round of 16, bwin, the world's leading publicly listed online gaming provider, has released the bwin League Information Widget, which football fans can download free of charge. The widget gives users an overview of the 23 major national leagues in ten different languages also during the Champions League Season.

The widget provides up-to-date information on current rankings, detailed statistics and results of previous rounds, games and seasons, and the latest information on upcoming matches. Users can switch between "Table" and "Matches" views in order to obtain the information they require about a previously selected league. In the schedule view, users can select "Match day" to view the results of matches already played as well as upcoming matches in the future. The "Bets" button takes the user directly to a betting overview of selected matches on [www.bwin.com](http://www.bwin.com).

The bwin League Information Widget can be downloaded immediately at [www.bwin.com/widget](http://www.bwin.com/widget).
